Dear Kitter:

I received your gift this morning and we both thank you so very much I hadn't any shoes and those were two slate for words the little white ones they were so sweet I cried when I saw them that baby has more beautiful things gally I hope with all my heart it is a girl my mother made me a little white bonnet a dress & slip and one of the girls who have given me a very nice white sweater so with you shoes everything is just perfect.

Your Easter card was very nice did you have a nice day hope you sold mos better. I went visiting and I wore a new scarf for Easter just bought some material to make a short

coat finger tip length to wear now
and later once my suit remember
my light blue shirt my mother
sent it out to me and I'm going
to dye it navy blue that I'm not
going to get it dyed so late or
when I'm able once more to wear
my clothes it will go with my
suit.

Gally I'm glad I'm not
in the competing section now you
kids down there are certainly
getting pushed around I don't even
blame you for not wanting to go
back to Segmunn. Hold out until
you get something good you've got
the ability.

A few poems were nice and
shall occupy a space in the baby's
scrap book & one day she'll (I hope)
read it by for now take care
and the shoes were too cute.

Good if love
is mutual
I send my best regards
to you & I don't know
